

Lead Full Stack Developer

PreciseTarget is a rapidly growing data and software products company helping sellers and marketplaces acquire, engage, and reactivate customers. We live at the intersection of data science and digital commerce, helping customers solve difficult problems with AI-based solutions. We've taken an innovative approach to data modeling, using billions of SKUs and consumer transactions to create detailed profiles of retail purchasing preferences of virtually every US adult shopper.

We are searching for a full stack Development Team Lead who would like to work on the leading edge of technology. The position is part of the Product Technology Organization, reporting to the Chief Technology Officer.

Responsibilities Include:

- Hands-on full-stack developer for our SaaS applications (React, Node, and TypeScript), with strong experience in user interface development
- Lead the other developers on the team working on our SaaS applications
- Innovate on new product solutions

Minimum Requirements:

- Minimum of 5 years software development experience
- Minimum of 2 years' experience developing user interfaces using React and TypeScript
- Minimum of 1 years' experience web application server development using Node.js and TypeScript
- Minimum of 1 years' experience leading a team of developers
- Experience designing SQL-based relational databases
- Experience with GraphQL a plus

PreciseTarget is an equal opportunity employer and is committed to equal employment opportunities in all employment practices and decisions including: recruitment, hiring, promotion, training, compensation and disciplinary action with regard to the terms and conditions of employment. The Company does not discriminate on the basis of national origin, race or color, religion, age, disability, handicap, ancestry, sexual orientation, veteran status, marital status, gender identity, family responsibilities, or sex, including pregnancy, childbirth, and other pregnancy related conditions, genetic information or status, criminal record, or any other legally protected characteristic.
